# CAKE MIX & STUFFED SHELLS

---

**PIONEERS IN THE SCALLOPING  
INDUSTRY FOR OVER 50 YEARS**

We've developed the first USA dry scallop cakes and stuffings, offered in 4 or 8 lb tubs, or in the shell, available in 1, 2, or 3 oz portions. All of our products are sold frozen to ensure top quality and peak freshness. These are the perfect options for any operator looking to introduce a new product to the market without having to worry about consistency, quality, availability, or labor shortages.

With endless applications, they are perfect for ready-to-eat markets, chain restaurants, and foodservice providers.

# OUR CAKE MIXES

## Classic

Our premium dry sea scallops are combined with classic seafood spices to produce a sweet and savory cake mix. Perfect for stuffing in seafood or mushrooms.

## Cheddar + Bacon

Starting with our classic scallop cake mix, we kick it up by adding cheddar cheese and bacon for this one-of-a-kind cake and stuffing mix.

## Casino

Red bell peppers, shallots, onions, garlic, butter, spices, and, of course, bacon accentuate the sweet, dry sea scallops in this delicious stuffed scallop.

## Imperial

Taking our inspiration from the Chesapeake, we combine our dry scallops, Chesapeake spices, cheddar, cream, and parsley.

## Rockefeller

Dry sea scallops are blended with Rockefeller Spinach (spinach, onions, garlic, parmesan, pernod, and a dash of cayenne), and a touch of cream to create a stuffed scallop worthy of New Orleans.
